

An Evening With the Angels

Tues., May 10, 2016

Thank you for considering being a hostess for our Ladies' Night at St. Mary Magdalen on Tuesday, May 10th. It will be a relaxing night while cardiologist Gilbert "Gil" A. Leidig, Jr., MD discusses the history and role of angels according to the teachings of the church.

As a Hostess you will:

- Invite and Welcome Guests

The round tables seat 8 - 10; if you have extra seats at your table, the organizers may seat another lady at your table. If you are unable to invite 8 friends, there may be walk-ins that may be placed at your table. Please always be prepared for 8 ladies. The environment is one of serenity and peace; mirror that atmosphere at your table.

- Set Your Table

You will need to provide plates and glasses required for your goodies. You can use plastic/glass and paper/china. Please do not stress; the object of the evening is to encourage friendship and peace. The organizers provide the tablecloth, centerpiece, napkins and plastic silverware.

- Provide Wine and Cheese (or Other Goodies)

If you're bringing wine, make sure you have enough to offer to the guests at your table. The food is simple finger food; such as cheese and crackers, fruit, nuts, simple appetizers. You may choose to bring everything or encourage your guests to bring something. The women do not come really hungry so keep it simple and everyone can enjoy the evening.

The organizers will supply coffee, tea and water at a side table.

Hostesses are welcome to arrive between 6:15 and 6:30 to prepare to receive your guests.

The format for the evening is as follows:

- the women arrive,
- opening prayer
- the introduction of the speaker
- 20-30 minute presentation. During this time you enjoy the wine and food
- time for discussion and socializing
- closing prayer

Thank you so much for inviting others to hear the message of Christ through our selected speaker, and through you, as a wonderful hostess!
